About

Nishitaa's key focus areas are General Corporate, Mergers and Acquisitions (M&A) and Private Equity and Venture Capital. She has represented multi-national companies in cross-border transactions, advising on foreign direct investments, outbound investments, business transfers, technology transfers, and commercial contracts.

Nishitaa is a part of JSA's technology, media and telecommunications (TMT) practice. She has advised clients in their domestic launches of product initiatives, and advised on regulatory aspects including outsourcing of data, payment system regulations, import and export of technology services, and gaming laws.

Experience

Some of the key assignments in these areas handled and being handled by Nishitaa amongst others, cover the following: -

1. Advised a multinational technology company on its Unified Payments Interface (“UPI”) based payment system and Bharat Bill Pay System (“BBPS”) related product offering and launches;
2. Advised US based payments entities on the roll-out and implementation of novel payment structures;
3. Advised multinational online gaming company on its domestic operations and advised on regulatory aspects ahead of proposed launches;
4. Regularly advised US technology service providers on off-shore data protection and localization requirements.
