Mines and Minerals

### About

Abhimanyu specializes in the Energy Sector with focus on regulatory disputes. He has advised clients on various issues concerning Electricity Laws, with an emphasis on the Generation, Mining and Transmission aspects. He advises clients on regulatory issues pertaining to Generation and Transmission of Electricity including issues related to Force Majeure, Mining and Extraction of Fuel, Disputes arising out of PPAs, Tariff Orders, and policy related issues.

### Experience

Abhimanyu has handled and advised clients on issues relating to:

- Finalization of transfer price taking into consideration the capital cost, to approve the competitive bid rate for extraction cost of lignite for multiple financial years.
- Dispute regarding computation of Late Payment Surcharge.
- Incorrect availability certification by Regional Power Committee, not considering force majeure conditions / unauthorized construction by parties leading to forced outage.
- Recovery of fixed charges for a period under a Section 11 direction under the Electricity Act, 2003.
- Right Of Way litigations.

- Assisted in drafting and finalizing a Petition under Section 34 of Arbitration and Conciliation Act, 1996.

Abhimanyu has been practicing law since 2019.
