### About

Kairav is a seasoned professional in the equity capital markets space, with extensive experience advising issuers, underwriters, and selling shareholders on a wide spectrum of equity offerings. His transactional expertise spans initial public offerings, qualified institutions placements, rights issues, further public offerings, buybacks, and bulk and block deals across diverse sectors including BFSI, FMCG, pharmaceuticals, retail, technology, and hospitality. His role in these transactions has been

comprehensive and strategic, encompassing end-to-end due diligence, drafting and vetting of offer documents, active participation in drafting sessions, and negotiating transaction agreements and other key offering-related documentation. Kairav has been closely involved in several marquee equity capital market transactions in India, reflecting both the scale and significance of his experience in this domain

## Experience

- Led multiple capital markets transactions spanning diverse sectors, including market intermediaries, technology, mining, infrastructure, pharmaceuticals, manufacturing, healthcare, and real estate.
- Involved with the further public offer of equity shares by a leading telecommunications services company, India's largest further public offer till date.
- Involved with the initial public offering of equity shares by a prominent beauty and lifestyle e-commerce company.
- Involved with the further public offer of equity shares by a major FMCG and edible oil company.
- Involved with the buyback of the equity shares of a leading information technology services company.
- Involved with the qualified institutions placement of equity shares of a private sector banking company.
- Involved with the initial public offering of equity shares by a multi-specialty healthcare and hospital chain.
- Advised sellers and brokers on bulk and block deals across sectors.
